Money doesn't grow on trees. But that doesn't mean you don't have options. Advantage+ is still lending – offering competitive, flexible financing programs to help you acquire, replace or upgrade most any kind of business equipment.

While most equipment financing companies are simply brokers that sell your loan to national funding sources, **we use our own strong capital base to lend directly to customers.** That means great flexibility and no broker fees!

Since 1992, Advantage+ has built thousands of successful long-term relationships with businesses, manufacturers, franchise companies, distributors and dealers throughout the United States.

We believe small business is what makes our country go and take pride in helping these businesses succeed!

We're Still Lending.
